

Snowman Exchange

Reflection Questions

Compare and Contrast

With your class you may decide to use a thinking map or Venn diagram to compare and contrast the snowman from each class.

Use these questions as a guide:

1. How is our snowman different than the snowman the other class created?
2. How are the snowmen similar?
3. What could we have done differently with our instructions to help them better understand our snowman?
4. What could they have done differently with their instructions to help us better understand their snowman?

Closing and Reflection

1. How did you feel when you saw the other classes' version of the snowman you created?
2. How do you think the other class felt when they saw your version of their snowman?
3. If you could do this again, what would you do differently?
4. If you could make a new snowman, what would you do differently?
